

LUNCHES ON THE 3 CONFERENCE DAYS

Freshness, quality and seasonality are the hallmarks of the hotel's gastronomic offer, which features the flavours of domestic and international cuisine, with a special emphasis on regional dishes.

Lunches on all three conference days will take place at the 330-seat Mátra Restaurant. The restaurant offers a wide choice of dishes served in the buffet system, made from selected ingredients.

Seasonal and local specialities are not to be missed, but there is also a strong emphasis on desserts, which are a concentrated taste experience from the hands of a skilled pastry chef.

And let's not forget the breathtaking views you can look up to while you dine.
