

Lea Ann Dailey

Lea Ann Dailey is a pharmacist by training and completed her PhD at the Philipps University of Marburg, Germany, on the topic of biocompatibility testing of polymeric nanoparticles for the controlled release of drugs and gene delivery in the lung.

She continued working in the field of formulation science for inhalation therapies at Nektar Therapeutics (now Novartis, San Carlos, CA, USA), followed by positions at King's College London, UK, the Martin Luther University Halle-Wittenberg, Germany, and the University of Vienna.

Her research has focused on the design of dosage forms as well as the biocompatibility assessment of novel excipients for drug products.
