

3<sup>th</sup> September, 2020

Dear invited speakers, participants, sponsors,

The Organizing Committee of the HUPHAR Conference thoroughly evaluated and discussed the conditions of the meeting in the current situation caused by the COVID-19, and we finally **decided to postpone the event**. The current unpredictable circumstances threaten the scientific success and the atmosphere of the event.

According original plans an **ISCTICO-HUPHAR-IUPHAR joint conference** will be held in **late Spring 2021**. The exact date will be communicated soon after the decision of HUPHAR council. The scientific program and already submitted abstracts will be transferred unchanged to the new date, together with the registration and requested social events. Your registration and submitted abstracts will be transferred for the new date, unless one wishes to modify them.

In case your participation fee has already been settled, and you are unable or unwilling to attend the conference at the new date, please send your cancellation email to [info.isctico2020@huphar.org](mailto:info.isctico2020@huphar.org) and your payment will be refunded.

We look forward to seeing you in person in 2021!

Yours Sincerely,

**Dr. Helyes Zsuzsanna**  
Secretary General

**Dr. Ferdinandy Péter**  
President
