## 1<sup>ST</sup> ANNOUNCEMENT

The **11<sup>TH</sup> INTERNATIONAL SYMPOSIUM ON CELL/ TISSUE INJURY AND CYTOPROTECTION/ORGANOPROTECTION (ISCTICO)**, joint meeting of the **Hungarian Society for Experimental and Clinical Pharmacology (HUPHAR)** and **IUPHAR GI Section** will be hosted by the University of Pécs, between October 7-10, 2020 in Pécs, Hungary.

Our goal is to provide a scientific forum for experts from different areas of research to present and integrate their novel findings about the mechanisms, manifestations, diagnosis and consequences of cell and tissue injury, as well as to describe novel pathways for cytoprotection.

### MAIN TOPICS

- Novel insights into the mechanisms of gastrointestinal mucosal injury and protection
- Gut microbiota in intestinal, neurological, oncological and other disorders
- Advances in hepatic and pancreatic protective mechanisms
- Brain-gut and gut-brain axis in cell injury and protection
- Neuropeptide-mediated cytoprotective mechanisms
- Prostaglandins, antioxidants, gas mediators and growth factors in cytoprotection
- Stem cells and microRNAs in cell injury and cytoprotection
- Ischaemia/reperfusion injury and tissue protection
- Neuroinflammation: novel targets and protective mechanisms
- Omics and network pharmacology
- Novel mechanisms and therapeutic targets of malignant cell transformation
- Cannabinoid system and purine mediators in cell and tissue protection

### FORMAT

- Plenary lectures
- Minisymposia (invited lectures followed by short, 10-min presentations selected from submitted abstracts)
- Poster sessions – best poster awards

### REGISTRATION FEES (paid before May 15, 2020):

- Individuals: **320 Eur**  
(includes admission to all scientific program, program booklet, coffee breaks, lunches, welcome reception)
- Students: **150 Eur**

### IMPORTANT DEADLINES

- Early-bird registration: **May 15, 2020**
- Abstract submission: **June 6, 2020**
